OUR STORY

Downings Marquee Rentals, boasting over 20 years of experience in industry expertise, shines as an epitome of innovation and unmatched excellence in the marquee rental sector, distinguishing itself not only in South Africa but also as a prominent player on the international stage.

Downings Marquee Rentals exemplifies the apex of premium quality, unmatched durability, and an unwavering dedication to customized excellence. Founded by Richard Downing in 2000, who was armed with a civil engineering background and invaluable international experience, he saw the untapped potential in South Africa's events industry. He first introduced Downings with a traditional peg and pole marquee tent, however, revolutionizing the industry by transcending mere shelters; with architectural masterpieces and adhering to the rigorous European standards. We present an array of unique, avant-garde marquees, unrivaled in their sophistication and elegance.

Our story is one of growth, cutting-edge innovation, and steadfast commitment. Emerging from modest origins, we have ascended to remarkable heights, owning some of the largest temporary structures across South Africa. This stands as proof of our unparalleled ability to cater to events of every scale and scope, ranging from intimate gatherings to large-scale corporate events and industrial warehousing.

Richard Downing's insight, "Our marquees are architecturally distinct, and just about everything we do is different to what is available," captures the essence of our individuality and commitment to delivering an exceptional experience.

The Lotus Marquee adds a touch of natural beauty to the event and allows for flexible space utilization. This structure is especially suited for industries that value creativity and distinctiveness, such as exclusive product launches, boutique gatherings, or high-end exhibitions.

MARQUEE STRUCTURES

CATHEDRAL

Our Cathedral Marquee structure is a standout creation from our collection at Downings Marquee Rentals. This structure is a true embodiment of grandeur and architectural excellence. Characterized by its towering peak and expansive interiors, this marquee mimics the essence of a cathedral. Its soaring ceiling and spacious layout make it ideal for events that demand a mix of elegance and capacity, such as large-scale gala events and luxurious weddings. The Cathedral Marquee's presence captivates the eye and offers a matchless atmospheric experience, suited for those seeking to make a statement of sophistication.

DOUBLE DECKER MULTI-LEVEL

The Double Decker Multi-Level Marquee is the essence of innovative event space solutions. This marquee is an awe in engineering and design, offering two levels of event space, which effectively doubles the usable area without increasing the ground footprint. This feature is particularly beneficial for venues with limited space such as trade shows, exhibitions, and corporate events, where maximizing space is crucial. The upper level provides a unique vantage point for guests while the lower level serves as the primary event area. The Double Decker Multi-Level Marquee is a testament to our commitment to providing versatile and space-efficient solutions for any event need.

DOUBLE VOLUME

Our Double Volume Marquee structure is designed with a heightened structure, essentially doubling the vertical space, which creates a new level of atmosphere inside. The increased ceiling height enhances the visual appeal and allows for a more elaborate decor and lighting installations. This feature is particularly advantageous for industries where space is foremost, such as conference events, disaster relief and upscale exhibitions.

SNOW PEAK

The Snow-Peak Marquee, is an offering that epitomizes versatility and style at Downings Marquee Rentals. Characterized by its distinctive peaked roof, this structure stands out for its robust design and clean finish, making it an ideal choice for a range of industries. Its unique peak provides enhanced stability and weather resistance, making it perfect for outdoor events, from high-end corporate functions to sporting events.
