

## ELECTION SUPPORT MARQUEES

Election support structures play a fundamental role during the national election process. Our structures encompass physical voting stations and pause zones. Our marquee structures are mobile, adaptable and can be tailored for small- and large-scale requirements for both temporary and semi-permanent events. Downings Marquee Rentals play a significant role in enhancing the effectiveness of the election process.

### BENEFITS OF THESE MARQUEE STRUCTURES:

- Flexibility and scalability
- Rapid deployment
- Weather resistance and durable
- Semi-permanent / permanent

In South Africa, where diverse geographical and socio-economic factors come into play, marquee structures can significantly enhance the electoral process, by deploying structures in hard-to-reach rural areas, ensuring that all citizens have access to polling stations. For countries outside South Africa, especially those with similar logistical and infrastructural challenges, Downings Marquee Rentals offer a universally adaptable solution. They can support democratic processes in developing nations by facilitating fair and accessible elections.
